

Mark 93 Warranty

Steriflow Valve is so confident in the Mark 93 Series, that we warrant not only the design and construction of the trap, but also its subcooling performance.

- Steriflow Valve warrants that our Mark 93 Series steam traps will be free of defects in material or workmanship for five years.
- Steriflow Valve further warrants that the Mark 93 Series Sanitary Steam Traps subcooling capabilities will prevent condensate backup in standard 3/4" sanitary tubing in excess of 8" upstream of the trap for two years on the following SIP applications and operating conditions:
 - ◆ Bioreactor Vessel (40,000L or less) for condensate maintenance loads only
 - ◆ 3/4" - 2" tubing trap applications (heat up and maintenance loads on tubing with a minimum of one trap every 25' of tubing)
 - ◆ Steam pressure 15 - 45 psig
 - ◆ Condensate pressure 0 - 5 psig
 - ◆ Condensate load (steam flow) 40 lbs/hour or less

Remedy

If a Mark 93 steam trap fails to live up to these expectations, Steriflow will replace that specific trap, or its thermostatic bellows assembly, any new certification documentation required at time of original order, and any expedited freight required (not to exceed UPS Next Day Air charges) at no cost to the customer.

Exclusions

- This warranty and associated remedy does not cover Mark 93 steam traps that were damaged due to customer mishandling, misapplication, or neglect.
- Steriflow reserves the right to inspect either the thermostatic capsule, or complete Mark 93 before the application of remedy, to determine cause of failure. Steriflow will reject this remedy if the probable cause of failure is due to customer mishandling, misapplication or neglect.
- Steriflow does not make provisions to cover any other costs incurred as a result of a Mark 93 failure including (but not limited to) any labor, capital, operating costs, or lost profits.
- This particular remedy is an addendum to the Steriflow, Jordan Valve and/or Richards Industries primary standard commercial warranty, and terms and conditions. No other remedies outside of this addendum, or the primary warranty, apply.
